PROFRSSIONAL SUMMARY

Seeking a position as a Junior .NET Developer where I can leverage my internship and academic project experience to contribute to real-world software solutions. I aim to work in a dynamic and growth-oriented environment to apply and expand my technical skills.

PROJECTS

Enhancing Emergency Medical Services Through Blood Transfer Facilities

- It is a Software project that aims to help the injured patient who met with an accident to transfer the needed blood type and quantity immediately.
- The main contribution in this system is selecting and determining the nearest hospital that owns the proper blood type to save injured people's lives using the Shortest Path Algorithm (SPA).

Integrated Street Hawker Management System for Efficient Area Booking and Sales

- This project aims to develop a comprehensive web application for street hawkers, facilitating seamless and efficient booking of selling areas within a municipality.
 - Providing hawkers with the convenience of online area reservation or offline booking at the municipality office.
 - It enables hawkers to secure their selling spots for a designated period, fostering a structured and organized approach to street vending.
-

SKILLS

- | | |
|---|--|
| • Languages: C#, Java, C, HTML, CSS, Javascript (Basics), SQL (Basics) | • Frameworks: ASP.NET MVC, .NET Core |
| • Database: Ms SQL Server | • Tools: Visual Studio, VS Code |
| • Cloud: Microsoft Azure Fundamentals (Az-900) | • Concepts: Object-Oriented Programming, REST API Development |
-

PROFESSIONAL EXPERIENCE

NET Full Stack Developer Intern HANA POS

- Completed a .NET Full Stack Developer internship at HANA POS.
- Worked with C#, ASP.NET MVC, MS SQL Server, and Dapper.
- Gained hands-on experience in building and maintaining web applications.
- Developed strong SQL query writing skills through real-world use cases.
- Worked on a live project involving Web API development using .NET Core.
- Gained practical understanding of RESTful service design and integration with frontend systems.

CERTIFICATIONS

- Programming in Java – NPTEL (2023)
- SQL (Basics) – HackerRank (July 9, 2024)
- Legacy JavaScript Algorithms and Data Structures – FreeCodeCamp (July 9, 2024)
- Workshop on "Digital Marketing and Brand Building" (2023)

EDUCATION

B.E. Computer Science and Engineering

Dr. N.G.P. Institute of Technology | 2020 – 2024

CGPA: **8.72**

HSC

P.A.C.M Higher Secondary School, Rajapalayam | 2020

Percentage: **81.1%**

SSLC

Higher Secondary School, Rajapalayam | 2018

Percentage: **94.8%**
